Great idea Mike!
Here's a last minute update. Rodney had to back out so Doug Hanks is taking his place.
My cell is: 336 337-1763
I am attaching the ppt presentation SCM provided on the kiosks as background info for everyone.
My goal for this trip is to learn about KCs implementation and to get some hands on experience with Smart Kiosks.
Think about things like:

- Who would use them (residents, visitors, both)
- Where would we put them (GC Blvd, Elm St, Lebauer Park, UNCG, A&T, etc)
- Are they in compliance with sign ordinance? LDO?
- What info would we provide?
- What kind of advertisements?
- What services could we provide using Kiosks?
- Do they look nice and are they a good fit for GSO?
- Etc….

Be prepared to walk around (warm clothes and walking shoes).
See you on Monday!
Jane

Subject: cell phone numbers please
Importance: High

Good afternoon Rodney, Jane and Carla. Based on the last set of emails I'm on the same flights as all of you for our trip next week to KC but I would still like to get cell phone numbers to call/text should we get separated for some reason or other issues arise. Mine is 336-451-1141. Hope you have a nice weekend and I'll see you at PTI Monday morning prior to 10:00.
Thanks,
Mike Kirkman
